

CLUTTON HORTICULTURAL SOCIETY

How we use your information

The information we store is only used to inform you of events related to the Society. This would include trips, talks, shows and request for help at the main flower show. All communications by e-mail will include an "Opt-Out" which, if requested, will result in your data being removed and no further communications will be made to you.

Your information is stored on Google docs with password security which can only be accessed by authorized committee members.

We keep your information while you are a member of the society or whilst you are still an active volunteer.

We will never share your data with any other group or individual.
